

Wounded Warriors Bike Tour

August 24, 2019 - August 25, 2019

Location: Fountain Commons

To honour and support Canada's ill and injured Canadian Armed Forces members, Veterans, First Responders and their families.

On September 18, 2006, a suicide bomber traveling on a bicycle detonated a bomb 30-km west of Kandahar City. This incident killed four Canadian soldiers and injured a number of others – including innocent civilians and children. Amidst this carnage, three seriously wounded Canadian Military Engineers lay wounded and dying. Today, we continue our legacy of care and compassion as the nation's leading, wholly independent, Veteran's charity focusing on mental health. Our innovative and wide-ranging programming, which will exceed 1.8M in 2017, is changing the lives of ill and injured Veterans, First Responders and their families. This is only made possible as a result of the compassionate trust and support of individual Canadians and Canadian businesses, enabling us to carry forward our guiding ethos: Honour the Fallen, Help the Living.
